

KOMAL K LOAT

UX / UI designer with 7+ years of experience creating responsive web and mobile experiences. Experienced in requirements discovery, user flows, wireframes, low- and high-fidelity prototypes, usability testing, iteration, style guides, and developer handoff. Combines user-centered design with visual design and cross-functional collaboration to meet user, business, and technical needs.

EXPERIENCE

THE INFORMATION COMPANY

Pune

UI/UX Designer, Jun 2023 – July 2025

- Led end-to-end UX/UI design for responsive web and mobile experiences, covering discovery, information architecture, user flows, wireframes, interactive prototypes, high-fidelity UI, usability testing, and developer handoff while balancing user needs, business goals, accessibility, and technical constraints.
- Built scalable Figma design systems and production-ready interfaces, collaborated with product managers, engineers, stakeholders, and clients, and led the Strides Pharma website transformation from analytics-led discovery and stakeholder alignment through prototyping, responsive design, and live launch.

SEAGULL ADVERTISING

Pune

UI/UX Designer, Jun 2020 – May 2023

- Designed UI and UX experiences across web, e-commerce, branding, campaigns, and digital touchpoints, creating user flows, wireframes, interface concepts, mockups, and reusable visual patterns while maintaining brand consistency.
- Translated client and business requirements into intuitive, user-focused solutions, collaborated with account managers and creative teams to gather feedback, refine interaction and visual design, and iterate rapidly within fast-paced project cycles.

INDIRA UNIVERSITY

Pune

Visual & Graphic Designer, Jun 2028 – May 2020

- Modernized institutional digital and visual communication by creating original graphics, redesigning templates, and establishing consistent visual standards across print and digital outputs.
- Managed projects end-to-end from brief and concept through delivery, coordinated with management and internal stakeholders, and guided junior team members during high-volume periods.
